

SALE OF FORTY ONE / QMC TO TECHNOLOGY SERVICES GROUP (TSG)

Consideration: Not Disclosed
Client: Shareholders of Forty One

QMC Limited trading as Forty One is a leading IT hardware, software and infrastructure business, based in Warrington.

Langtons Corporate Finance, led by Andy McCall, acted as lead advisers to the Shareholders of Forty One, providing a hand-holding approach, leading the shareholders through each stage of the process. Andy together with the team at Langtons Corporate Finance assisted in the Negotiation of the Terms of the Sale, provided Tax Planning advice with regard to the structure of the transaction and worked closely with the legal advisers with the implementation of the deal.

The sale of the business to TSG has enabled the founding members of Forty One / QMC to realise their investment whilst remaining involved with the business either on a full-time or consultancy basis.
