

REFINANCING OF ELDAPOINT LIMITED

Funds advanced: ~£3m
Client: Barclays Bank plc

Eldapoint Limited was founded in 1968 as a general refrigeration service company and diversified into container refrigeration based at The Port of Tilbury. Steady growth and development followed to the point where today, Eldapoint has service depots in all the major ports and is the UK's largest provider of container storage, handling and repair services to international shipping.

In 2006 the management team of Eldapoint took the decision to refinance the company with Barclays Bank.

Langtons acted for Barclays in the transaction, undertaking Financial Due Diligence on the company.
